Celebration of Space Center Rotary's 50th Anniversary

Dear Friends:

I recently learned that Space Center Rotary is celebrating its fiftieth anniversary. Congratulations on this great achievement.

Since its founding in 1964, the Space Center Rotary has not only supported the Johnson Space Center and its legacy in U.S. manned space flight, but also bettered the Houston community through its mission to place "Service Above Self". I thank the Club and its members for all that it has done to enrich the lives of their fellow Texans.

This is an accomplishment of which you can be very proud. Your efforts continue to serve as an example for the state of Texas, and I send my best wishes for the years ahead.

Sincerely,

A handwritten signature in blue ink that reads "John Cornyn". The signature is stylized, with a large "J" and "C".
