EARTH DAY '91

Space Center Rotary Club and Citizens of Seabrook are Sponsoring Earth Day '91 in Seabrook, Texas.

This grand event will be held Sunday, April 21 from 1pm until 7pm on the Seabrook City Hall green. If there is rain, the event will be in the Seabrook Community House located next door to Seabrook City Hall.

There will be numerous booths by various environmental

groups, bands, and refreshments. A display contest is being held for all the classes in the Clear Creek School District and the Bay Area Boy Scouts and Girl Scouts. In addition to all this, the first one thousand people to show up will receive free trees.

Earth Day '91 in Seabrook is our club's way of answering that call. When you are asked to do a little task or give a little help please offer willingly and generously.

HARRIS COUNTY COMMUNITY CENTER PLANS

Plans for the Harris County Community Center, to be located in Landolt Park, were discussed at the March 11th meeting. Jack Lister encouraged members to support the new building by acting as a catalyst for fund-raising programs. He described the project as a way to catapult this organization into higher accomplishments because, he said, "We can accomplish whatever we set out to do".

The plans, which are yet to be finalized, are to include an office for Rotary, a banquet room and a large board room. It was emphasized that while the project was a service obligation for the members, no proceeds from Shrimpporee would be used and the club would not obligate itself monetarily by signing a note. It was noted that several community organizations have already volunteered their support and financial pledges have been made by corporations.

Earth Day '91

This is not a fund raising event. It is an opportunity to educate ourselves and the rest of our community on the ecological issues that face us today. This will be a fun and worthwhile endeavor!

Space Center Rotary needs everybody's help to make this event be a big success. Let's remember that President Costa has made 1991 the year that Rotary International will devote to preserving our planet.
