Rotary Club of Houston

Dan Procter, President

Alvin R. Busse, Chairman  
Executive Committee

Dear President:

On Sunday evening, June 11, we have planned a tremendously exciting two-hour opening ceremony for the 1972 Rotary International Convention in the Astrodome, starting promptly at 8:00 p.m.

Due to the large seating capacity of the Astrodome and our anticipated attendance of 20,000 registered Rotarians and their guests, you have a unique opportunity to share this event with non-Rotarians.

In discussions with RI President Ernst Brietholtz, he has requested that we invite those youth groups sponsored, in one way or another, by the Rotary Clubs of District 589. What a great idea!

In compliance with this request, we have printed a limited number of tickets and will distribute them on a first come, first served basis under the following criteria:

1. They are requested by a Rotary Club of District 589 for the express purpose of bring club-sponsored youth and necessary supervisory personnel to the Convention opening.
2. Group selection, supervision and transportation to and from the Astrodome will be your club's responsibility.

The groups will sit in designated areas, other than those assigned to registered Rotarians. Rotarian's admittance to the Astrodome will be through the wearing of the official RI Convention badge. Youth guests' admittance to the Astrodome will be through presentation of special tickets.

To secure youth tickets, please write the Convention office at the above address or call Bud Rae at his office (468-9661).

A real Texas extravaganza has been planned for the Opening. What a great way to share Rotary.

Sincerely,

  
Alvin R. Busse

*Martin*
