Rotarian Harry,

I trust that this
idea of ours makes as much
sense to you as it does to us.

Our member, Ray Hoskin, was
in Houston in May 1971
with the District 275 Group
study exchange team. He tells
me that David Hatton, also a
member of that team, stayed with
you & your family for two days.
Please accept my appreciation of
the hospitality offered to our people
by you & your club. You made
a great impression & cemented a

3/

Good garden.

Home units are a more recent development usually being 3 storey & containing from 8 to 20 units of 2 or 3 Bedrooms each with well appointed living areas. These buildings usually replace two old fashioned houses built about 60 years ago.

On the fringe of Lifford Macquarie University is being built on an 500 acre site.

This University has schools of learning where students study a wide range of subjects for a total number of points to qualify for a degree in Graduate + Post Graduate studies

a bond of ¹Friendship which
will last many years.

as a matter of interest I am
a builder who specialises in
trouble shooting in completed
buildings & designing waterproofing
for new ones. We keep water in
or out of almost any type of
structure & thereby restore historic
buildings or preserve the modern.

Epping Rotary club has some
60 members most of whom are
residential classification because
we have no industry in our
area & very little commerce.

Epping is 11 miles North West
of Sydney centre, is set in rolling
hills covered by Bungalows,
each of which is built on
 $\frac{1}{4}$ acre of land & has a

Epping is known as the Bible Belt sometimes because there is a very big Church following of some 12 Churches. However we still have some disident youth who won't belong to any thing & complain that there is nothing to do.

I am Chairman of the Epping Youth Service which aims to fill this gap & does provide a full time Youth Social Worker to run the service & counsel youths & girls.

Epping Y.M.C.A. is also doing a good job with young children but doesn't tackle the teenage problem!

Looking forward to hearing from you. Kind Regards. Theo
