Dear Victor & Maria
How are you? I hope you're
fine and everything is going well.
We are all fine, and I myself
started the University in the
Faculty of Science, wish me
success.
It is my pleasure and the family
to wish you a Merry Christmas
and a very happy and successful
new year, over regards to Dr.
Fodor.
We hope to hear from you soon,
maybe we shall meet again here
in Jerusalem.
See you.

Have a very
merry Christmas
and a
peaceful New Year.
