Dear Stan, Franz-Joseph, Brian, Sheila, Visset and Charlie:

Warmest greetings from all those who make up the AMISTAD ASSOCIATION in Bolivia.

We send this letter to thank you infinitely for the assistance you have given to our INTEGRAL HEALTH program in Aramasi, a village situated in the rural areas of Cochabamba, Bolivia, South America.

We do not have adequate words to explain the joy that we feel to have a truck, a motorcycle and \$ 2,850 for our program, which were given to us on October 4 by the Rotary Club TUNARI here in Cochabamba.

We were even more joyful upon seeing the emotion of the rural people in Aramasi when the jeep was brought there on October 10. These material resources, given with your solidarity and love, are tools that will benefit our services of health, education and food security, both in Aramasi and in other near by villages. With these resources, we will work more effectively with those who are marginated and ignored in this area, so that they might have better living conditions and exercise in some way their human rights.

Our very dear and noble friend, Stan Galanski, comes to mind, who initiated and realized this marvelous work which we now experience.

Know that the labor of so many Rotarians is bearing fruit in each of the children and adults of our poor populations, giving them hope and an impetus for a better life.

Attached is a photo of the reception of the vehicles here in Cochabamba from the Tunari Rotary Club.

With deepest gratitude from all our hearts, May God bless your work!

THANK YOU

In the peace of the Lord,

Daisy Mostajo Dr. Rodolfo Jiménez Freddy Flores Patricia Pacheco
