

To: Jerrold DeWease, Rotary Club of Space Center

Dear District 5890 Rotarians,

Congratulations! Today, our District passed the \$100,000 Milestone in giving to The Rotary Foundation's Polio Plus \$200 Mill Challenge for the 2010-11 Rotary Year. We are nearing our Polio Plus goal, set by your club presidents, of \$122,035 for this year. If you are a Polio Plus Society Member (who has pledged to give \$100/year for Polio) please make your donation soon if you have not already done so. Let me know if you don't know how or where to make your donation.

Our District has given a total of \$572,344 towards the \$200 Mil Challenge (since 2007) which makes us one of the top contributing Districts in the Rotary World.

Also don't forget your Every Rotarian - Every Year commitment of \$100+ for the Annual Programs Fund of The Rotary Foundation. About half of your donation to this fund comes back to our District at the end of three years.

I hope you have the following events on your calendar: April 28-30 District Conference, May 14 District Assembly, May 21-25 RI Convention, June 5 Governor's Installation, October 8 District Foundation Seminar. See the www.rotary5890.org site for more info. on each.

Terry R. Ziegler
District 5890 Polio Plus Chair
