Dear Space Center Rotary Club,

Please accept our deepest gratitude for having a Floyd Boze Day and celebrating his birthday. You will never know what this means to him & our family. We know it takes a lot of time & extra effort from all involved. This year was especially important to us. It kept him going through his lengthy illness. We talked about it everyday & he was really looking forward to it.

To quote Bob Hope, "Thanks for the memories!"

Bravo,
The Floyd Boze Family
